Hers was the first enterprise to open in the village. In an environment where women's movement outside home was severely restricted, owing to strict caste-based rules of 'honour', Kranti wanted women to have their own little space to buy trinkets, makeup, and cosmetics. 'Anshika Bangles Store' is almost like a small sanctuary in an oppressive environment that they all endure.</p> <p>URL: https://bit.ly/3vCPotC</p>

	<p>Title: Empowering Women through Sustainable Livelihoods</p> <p>Author: Dr. Ashok Khosla</p> <p>Year of Publication: 2003</p> <p>Keywords: Women, Environment, Children, Livelihood</p> <p>Abstract: All over the third world, women are trapped in a downward spiral of subsistence and survival. They survive and subsist within the limits of an environment that is increasingly hostile and rapidly degrading. Their homes and habitats are becoming less and less livable. The natural resources from which they draw sustenance for their lives are disappearing before their eyes, sacrificed to the altar of today's most basic needs. Even the keen understanding that comes from aeons of living with nature cannot prevent from further undermining, with each new day, the resources of the land on which they know their children will have to depend.</p> <p>URL: https://www.devalt.org/newsletter/aug03/of_5.htm</p>
